Well done on making it this far!

Using what you've learnt in the Introduction to CSS section, complete the following challenge:

- 1. Create a table that shows a list of the top 25 highest grossing movies of all time (info can be found on Wikipedia).
- 2. Your table must include the **year**, **title of the movie** and **the total box-office earnings**.
- 3. Give you table some style (extra points for creativity 😊)

Create a repository in your IT varsity GitHub organization called: **Module-1-Assessment-4**

Need a refresher on [how to correctly submit assessments](#)?

Upload your project to the new repository, activate Pages in your repository, then submit the links below using the following format:
